### **Furnace Parts LLC joins forces with Bristol Metal Products**

Furnace Parts LLC, a leader in the manufacturing of industrial thermocouples and temperature sensors, is pleased to announce the addition of manufacturers' representative firm Bristol Metal Products to our sales team. Territory coverage includes Ohio, Northern Indiana, Southern Michigan, and Western Pennsylvania.

"We are delighted to have Bristol representing the Furnace Parts line of thermocouples," announced John Popovich, Vice President, Sales & Marketing for Furnace Parts. "The long standing excellent reputation of the firm, and their years of experience in the thermal processing marketplace, will no doubt add value for both our customers and our business."

"Bristol Metal Products, in conjunction with our own Engineered Solutions and Business Development Groups, will undoubtedly provide the highest level of temperature measurement expertise available in the industry. Furnace Parts strives continually to provide excellence in customer satisfaction, and we believe the addition of Bristol will add to that proposition."
